

Selecting the correct program for your clients

We've noticed that a number of Specialized Foster Care programs have incorrectly coded their clients as being "FSP - TAY" or "FSP - Child."

These designations are not for Specialized Foster Care, they are for Full Service Partnerships. Here are the steps involved...

CLIENT PROGRAMS

Click here to add a Program

New << < Page of > >> Page Size Go Total Items:

Client ID	Group Name	Program Name	Effective Date	Inactive Date
-----------	------------	--------------	----------------	---------------

You will then see the Add Client screen...

ADD CLIENT PROGRAM

Client: 2047115

Program: ** Please Select **

Effective Date: 10/29/2007 12:00:00

Make sure you pick the right program!

The right program for SFC would be either "Specialized Foster Care – Intensive Services" or "Specialized Foster Care – Basic Mental Health Services"

If you make a mistake...

Welcome to the Los Angeles County DMHOMA Wiki!

This website is devoted to explaining and interpreting the State of California's Outcomes Measures for Mental Health Professionals.

The Top Three OMA Questions:

- How do I [Get an OMA Logon and Password?](#)
- How do I [Logon to OMA?](#)
- How do I [Delete or Fix an Assessment?](#)

To fix it, go to the project website (aka "The Wiki") and go to this page

You will be able to fax us a correction request using this form...

Print Form
